Declaration:

We hereby declare that the product **AGXON™ IR940**, an infrared seed sensor, complies with the Federal Communications Commission (FCC) rules under Title 47 CFR Part 15, Subpart B, Class B digital device.

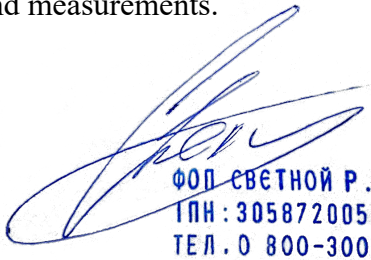

This device does not generate or emit radio frequency interference beyond permissible limits. It operates using infrared radiation at a wavelength of 940 nm, which is not subject to FCC radio frequency regulations.

Compliance testing and conformity assessment were based on the manufacturer's technical documentation and measurements.
